### KILO DISPLAYED **REVERSAL OF FORM**

Donald A. Colt Beat Imboden in a Gallop, Though Latter Won Previous Time Out.

RHYME AND REASON'S RACE.

Overwhelming Favorite in the Second Event Was Third, Beaten by the 15-to-1 Shot, Lustig -Dale's Inferior Riding.

Not by any stretch of the most lenient magination could the racing at the Fair Grounds yesterday be considered satisfac-

most unsatisfactory feature of the

day was the defeat of the 1-to-2 shot, Rhyme and Reason, by the 15-to-1 outsider, Lustig. Dale rode Reason, who looked like a certain winner. Though beaten, the race proved that Reason was the best horse. Lustig broke in front to a good start. Reason broke last and on the outside. Boand went on with Lustig. Dale sent Reason after him. Reason seemed to have Lustig in his pocket at the stretch head. He was but a length behind Lustig. Then Dale took Reason in on the rail instead of commg outside. This was bad judgment, as Boland is an old head and a notorious pincher of boys foolish enough to come be-tween him and the rail. Dale got Reason pinched. But he let him lie in the hole behind Lustig to the last sixteenth. Then se took him out and came outside. Even then Reason seemed to be winning. Dale, sowever, must have been short of work, as be evidently tired and could not give the tolt a vigorous finish. Lustig won.

A REVERSAL OF FORM. A week ago, with Lustig carrying two pounds less, Rhyme and Reason beat him just thirty lengths in a common canter.

ounds less, Rhyme and Reason beat him just thirty lengths in a common canter. Just how such reversals can be explained is not easy to see. Rhyme and Reason coked like the best bet of the season.

The race proved that he was some thirty pounds better than Lustig, who beat film. After it was all over Tommie Sayers, who rains Rhyme and Reason, said that he would send him back to the post with a stable lad up, and if he did not run the falf mile in :13 he would give him away. Justig beat him in :2015.

The fourth race, the handicap at a mile and seventy yards, also resulted insatisactorily. There were three contenders, albert F. Dewey, Sambo and Miss Mae Day. Mae Day wheeled as the barrier went ap, and was left. Sambo got a bad ride from Boland, was interfered with at the first turn, and afterwards bumped and mishandled. Albert F. Dewey had it all his 3wn way, and won in a walk in very slow after. Mae Day ran the mile in the Mississippi Valley Stakes in 1:41%, galloping, Dewey ran his mile in 1:42% vesterday, and he mile and seventy yards in 1:47, about what Mae Day can run a mile and one-exteenth if she tries.

Avoid ran a rum race here. If the boy in her wanted to keep out of the money is could not have ridden her better to recomplish his design. Doctor Kier, trying is the Bakers always are, was third. It was a joke of a race.

KILO TURNS A FLIP-FLAP.

A week ago Imboden, at 8 to 1, beat Kilo, 10 2, some ten legnths in a gallop. Kilo had the crack rider, Crowhurst, up that iny. Yesterday Kilo had the stable lad. Austin: up. Imboden opened at 8 to 5, kilo at 2 to 1. In a iffly kilo was 4 to 5 and Imboden 3 to 1. On what, no one could lell. Kilo got off badly, was last round the war, and came home by himself. Imboden was third. Just how Kilo's last three races an be explained is not easy to see, save had Crowhurst's ride on him was 'inef-telent.''

Start good for all but Miss Mae Day, who was practically left. Won very easily; next four driving hard. Winner: K. D. Orr's ch. h. 65, Dandle Dinmont-Cecil R. Dewey was lucky, as Mae Do was left it root and Sambo was ther'en in the air at the first turn and badly cut off in race. That left Dewey without contention. Sambo ran a good race after a rough passage. Doctor Kier ram a good race for a first start. A v-d wont to the mark Bank Street showed vast improvement. Chambles was very sore in front. Mae Day turned as barrier went up, took after field, closed ground going the long way, but tired from her effort.

Lady endured sharp contention all the way, swung wide in stretch and had enough left to stail off Pettijohn's rush at the end. John was off badly, closed ground resolutely, but hung a little at the end. Walker was dull of his usual brillian; sneed, but hung on well and will do presently. Ranchman ran a good race. Custus had an easy one. Cash Boy is a grand-looker and evidently a good colt. He is very high in flesh and was not asked to exert himself.

years has such a field of fast horses faced a starter.

Mr. Dade had better be a good starter today. Or, perhaps, they had better take the Carr gate to the five-and-one-half-furions pole and give them all an even chance. It all despends on the start. Mr. Dade had better be awful good. It is the occasion of his life.

With a good break, all going from their flat feet, it looks like a three-horse race. Sylvia Talbot, Frank Bell and Hilee. Give any one of this trio a half length advantage and the other is beaten. It has got to be a perfect start. The eyes of 10,000 will be upon Mr. Dade to-day.

SYLVIA TALBOT HAS BEST CHANCE. be upon Mr. Dade to-day.
SYLVIA TALBOT HAS BEST CHANCE.

SYLVIA TALBOT HAS BEST CHANCE.

Everything in the race is a sprinter proper, a break down and dig horse. Sylvia Talbot is a good actor. That will help her. She is is big and fast field. If she is bumped it will throw her out of her stride. Bell is a good actor. He is a big horse. This will see him run the race of his life. He is just up to such a race, and how he will toss that dirt behind him.

Hise is awfully good now. He is a sprinter proper. But he is a nasty post actor. That is very much against him in a race like this. If he gets an even break, they will have trouble in beating him, let them come as they may. His bad acting is very much against him. Still, let him get off and go on, and let Booker take a steady hold, let the whip alone, and send him along, and they are going to have a sad time catching that "big dog."

MAUD GONNE NOT KEEN.

Maud Gonne is scarce keen enough in

MAUD GONNE NOT KEEN.

Maud Gonne is scarce keen enough in condition and will scarce be well ridden enough to beat this lot. Wagner's last race was bad. Yet he worked a wonderful five furlongs yesterday, 1:01% swinging. His races down South and this work give him a chance. Yet he never was successful as a frent runner, and he scarce can come from behind here. His best races were all run from behind. Still he will be a long price in this race and may be worth some attention. He could have had a work for this race in the handicap on Thursday, but his owners evidently thought it better to work him for it for nothing than to work for a purse while running for a purse. It is just as likely as not that they know as much about him as any one else. But it seems that he is a bit out of his class here, even if he did run cheek by jowl with Whisky King at Nashville for five-eighths.

Nickey D. is scarce ready enough yet. Duela was too close to him last time. He is big and high and hardly good enough, anyhow. Erema is fast, but has not the class. She cannot beat Talbot at that weight. Bridge is a weak sister and Tommie Dean is not the boy to win with him in this kind of a field. So we have it down to Bell, Talbot as small and jams will hurt her. Bell is big and lusty.

That is all of it. Talbot, Bell and Hilee, with an eye on Wagner at a long price. It is a grani race, a race that no one who admiree speed should miss.

HEGIRA A GOOD THING.

admires speed should miss.
HEGIRA A GOOD THING. The first race lies between Hegira, Lady Vashti, Kiss Quick and Cressida. Hegira is one of those good things that Bob Jones cooks up now and then, bets on and wins with sure. They say that he is a nice

kind of horse among this kind of a lot.
Kiss Quick is in where she belongs and
will go well. Cressida has run a good race
among such a lot, has speed and will do
better to-day. Sabinal belongs to George
Scott, who is not in fortune's favor just
now. Lady Idris is fast and if fit has a
chance. Pierce J. won a "shoo in" one
day from a bad lot and did not show
much. Lady Vashti has a royal chance on
her race with Ladas.

OLD STONE AND ORIENT.

OLD STONE AND ORIENT.

OLD STONE AND ORIENT.
Old Stone and Orient in the second. How good either is no one knows. Orient is a stake winner and will be well enough ridden. Old Stone will have Dave Viltioe up. Stone came last into the stretch one day, ran away with Viltioe and moped in a winner. He did not run. He merely rambled home like a great big country numpkin loafing through a fair. He is a strapping green colt who does not know much about racing, yet how he can cover ground! Viltioe is a poor engineer, but Stone is quite a colt. Nitioe is a poor engineer, but Stone is quite a colt.

Orient is a race mare. She knows her business. Her race in the Debutante was brilliant. She is handled by a good horse-man. So there you are. A big, green, ill-handled, ill-ridden colt, fast and game against a clever, educated filly, well-trained and ridden. Who will win?

St. Agnes has a chance, and a good one, to be second. She can beat Orient on their race in the Debutante, But if Stone wavers or is badly ridden, Agnes will be second. Bill Knight is a better colt than he has shown, and will go well. Wigwam is well spoken of and will run a good race.

CORDER SAID TO BE FAST.

CORDER SAID TO BE FAST.

It is whispered that Corder will get set down for the goods to-day. He has won a lot of races in his time, and has speed of the whoop 'em order, and can maintain it. All this being so, he will win. Apple Sweet did well at Memphis, but has been very ordinary in her works at the Fair Grounds. Sweet Dream and Howling Dervish are the ones whom they have got to beat. They say that this Corder is really a good horse.

CURSUS BEST BET.

The fifth race supplies the best bet of CORDER SAID TO BE FAST.

The fifth race supplies the best bet of the Day—Cursus. Kunja is the one he has got to beat, with Ecome third. On their race where Kisme beat Kunja and Pharoah, Kunja has Kismet in her pocket reticule this afternoon.

For 10 beat, with Ecome third. On their race where Kinne beat Kunja and Pharoah. Kunja has faller in her pocket retire cuile this afternoon.

SIXTH RACE A TERROR.

SIXTH RACE A TERROR.

Elastic has been working miles in 1:35 and seven-eighths in 1:20 for the sixth event. It is a hard race. Deutschland will hook Elastic. Maybe Elastic will not like that. Do Mund will go weil. If Deutschland makes Elastic chuck it up what about De who is game, and who will come on from behind, and who ran seven-eighths in a gallop in 1:27% at Nashville last week? Then Alice Turner and Chappaqua have chances. It is an awful race. If Deutschland will book arron to hook him. Deutschland will book her any ont to hook him. Deutschland will sylvia Talbot. If they take him buck her and then send him along in the stretch how about it? Look at Alloe Turner at the weight. She is fit and ready, and never was so good. Throw out her dirty race on Thursday. Annual Athletic Contests of Institution Scheduled for Pastime Park.

Sinith Academy athletes will hold their annual field day at the Pastime grounds this afternoon, the occasion serving the purpose of a try-out for the interscholastic games of May 29. Smith has a good set of Leid and track men this year, and it remains to be seen how their work will compare with that of the High School.

Morcom, formerly of Western, is doing well at the academy and looks to be a sure point winner in the broad jump. Lawrence is showing good form in the hurdles and dashes. Lambert, Bauman and Kimbrough make a good team in the pole vault and Lambert is conceded to be a strong factor in the high jump. Rutter is one of the leading candidates for the 229-yard dash and the quarter-mile, while Heilman and Boyd look best in the longer runs. Stanard should make a showing in the weight events.

BENNY YANGER GOES TO CHICAGO.

Harry Forbes May Fight Frankle Xell Shortly-Notes About Fighters. Benny Yanger, who was a visitor in the city the last two days, departed yesterday evening for Chicago, instead of remaining over to witness the Young Corbett-Keefe go next Tuesday, as he had planned. Yanger stated that he would probably return here in the next few days.

Yanger and Harry Forbes were visitors at the race track yesterday, and were warmly received by the sporting contingent of the resort. Harry will remain here for some

time, and states that he may get a bout before the West End Club.

"Haughton told me that he had received a wire from Frankie Neil, saying that he would be here next week," said Harry, when asked about his prospects, "and if that is the case I am just going to say here and get ready. I am perfectly willing to meet him. If any inducement is offered. Neil has said nothing about coming to this part of the country, however, and I was surprised to hear that he had decided to start here.

"I would like to get Clarence on with Feltz again, and he will likely be rematched. All I can say of vesterials's bout was that Clarence was told not to go in at Tommy. He went in and got put out. He was not in the best of shape, as the break in his training upset his condition badly."

Conserning the anaconcement from the West End Club ring to the effect that the winner of the Feltz-Clarence Forbes fight would get a match with Harry, the bantam champion said that it was news to blin.

"Nothing has been said to me of such a fight, and the announcement was a surprise," he remarked. "I will fight Feltz again if suitable guarantees and pursen are hung up, but I don't want to go into a siege of training and then have the affair called off at the last moment. Just at present I have no scrap on hand."

His manager stated that Jack had the wellop all right, as was shown in his recent battles, and that he believed it might prove effective against the champion if it landed properly. He said that the East Sider did not go into the fight with any inflated dieas of his own ability or without fully recognizing whom he was to face, but that he believed Jack would make a good showing and had a strong chance to keep the champion guessing from the start.

GALVANIC ABSORPTION AND IRRIGATION THE ONLY CURE FOR

Not a month, not a week, not a day, but a lifelong cure with a single treatment of thirty minutes by my Galvanic Battery application and irrigation combined. A method that separates the fibers of Stricture, passes them from the urethral canal, immediately reduces inflammation, giving instant relief from the torturing misery of painful and difficult urination, without a sign of blood, the least bit of pain, or an unfavorable symptom thereafter, and leaving the canal as natural as when born. NOT AN EXPERIMENT, but a METHOD that has PROVEN Its UNFAILING RESULTS.

My price is high, compared with the amount for which you can be treated by a quack doctor without benefit, and the many cheap offers of "fakers," but I "deliver goods" that are worth a thousand times what I charge for a cure.

Responsible men may settle with me when I dismiss them and they are satisfied of a cure; poor ones, who have spent all their money is doctoring, I treat free of charge. Balvanic Application and Irrigation the Only CERTAIN CURE.

My method of curing Stricture in all stages is by introducing a current from a galvanic battery, which absorbs the substance that connects the cicatrix, or fibrous formation, so that with a medicatrix, or fibrous formation, so that with a medicatrix, or fibrous formation, so that with a medicated irrigation the Stricture is removed in shredlike particles, leaving the canal entirely free and unobstructed. If it is inorganic Stricture, by Galvanic current and Irrigation I reduce the inflammation and stop the discharge at once; irritation, painful and frequent urination are stopped immediately, and in a few days the canal head, resuming a perfectly natural condition. I can be most severe cases of Strictures with a sligiely treatment of thirty minutes, and my records show that I have never accepted a man for treatment of Stricture and failed to make an absolute cure, and not a symptom of the troub-le ever reappeared. Men should not be led to believe that they can be properly cured by surgical operations internal medicines and injections, which alternal by medicated bougles, passing sounds and tarrious powering medicates have we as a complete cure. In the property cure that they can be properly cured by surgical operations in them and result in doing more harm than the disease. There have was a complete cure by medicated bougles, passing sounds and tarrious powering medicines. I desire all strictured medical current of the property of the stubborn cases to me, which will be accepted at one-half price in order to demonstrate my certain method.
